

UPDATE Tc-99m Generator Supply– 19 September 2019

From Monday 23 September ANSTO will distribute 58 Tc-99m generators.

The Tc-99m distribution schedule is available on our website with customer updates here:

<https://www.ansto.gov.au/business/products-and-services/health/health-products#content-customer-updates>

We are working towards prioritising generator allocations next week to regional sites, who will not receive a generator in this delivery. We anticipate that more Mo-99 will arrive over the weekend.

Thank you again to everyone in the nuclear medicine community, and in particular the Nuclear Medicine Working Group, with representation from RAINS, ANZSNM, AANMS, NSW Health, TGA and GMS, who are helping ensure that the reduced amount of nuclear medicine gets to areas needed most.

We apologise to everyone who has been impacted by this issue. If you have any questions, please contact ANSTO directly on 1800 251 572.
