

## ANSTO Lutetium-177 Order Cut-off Times

Please find below the ordering schedule for Lutetium-177, including when we may be required to import from our international back up supplier ITM (**highlighted**).

ANSTO Lu-177 production aligns with the OPAL reactor scheduled shutdown calendar. Due to reduced target irradiation times, dispensing following OPAL shutdown dates may result in a lower available yield. \*During these times we may reach out to our back up supplier to assist with managing customer demand amidst any reduction in capacity.

[Please use this link for further information regarding the reactor schedule](#)

Due to current flight schedules, Lu-177 imported from ITM may not be deliverable on Tuesdays.

**Orders for Lutetium-177 are required prior to 1:00pm Thursdays AEST  
(1pm Wednesdays from September 2023)**

Please send all orders to [health@ansto.gov.au](mailto:health@ansto.gov.au) or by phone 1800 251 572.
